Help every baby in your community to sleep safe

Cribs for Kids® National Infant Safe Sleep Initiative, is looking for organizations throughout the country that want to join in our efforts to spread a uniform safe-sleep message with the intervention of a crib if needed.

Since 1998, **Cribs for Kids®** has been providing safe-sleep education with the intervention of a safe, portable crib to families who cannot otherwise afford a safe place for their babies to sleep. Our goal is to help you fulfill your mission by providing safe sleep education and safe sleeping environments for infants in need in your area as well.

Through the efforts of over 1,750 Cribs for Kids® National Infant Safe Sleep Initiative partners across the country, we have forged a coalition of organizations that view **success for one, as success for all.**

It is easy to become a Cribs for Kids partner...just complete the partner application and then sign our Trademark License Agreement. By signing the Cribs for Kids® Trademark License Agreement, partners agree to adhere to certain standards and guidelines. This license agreement gives them the right to use the standardized forms, Cribs for Kids® name and logo, and order their safe-sleep materials at our discounted prices. Once your **Trademark License Agreement** has been executed, you will be an official Cribs for Kids® partner! You will have access to our free partner toolkit and we will include your organization or company on our [Partner Map](#) (optional).

We are proud of our program's national success and are looking forward to sharing the **Cribs for Kids®** program with you. The toolkit includes: educational brochure templates in English and Spanish, hold harmless agreements, parental guidelines, pre and post tests for evaluation purposes, grant writing materials, and more. **All of these materials save new partners from 'reinventing the wheel' and assure that a consistent safe-sleep message is being spread throughout the country.**
