

# Sample Logic Model

**Program: Community Baby Shower for Safe Sleep (CBSSS)**

**Situation:** Black non-Hispanic infants in Kansas are at an increased risk of SIDS and other types of infant deaths than children born of other races and ethnicities.

*\*This logic model is a guide to help you plan your shower and to start thinking about how you want to measure its outcomes. The outcomes described here may not be realistic to expect from your shower, may not be easily measurable, and may not be relevant to what you choose to do. Therefore, please modify the logic model however you need.*

Inputs	Outputs		Outcomes – Impact		
	Activities	Participation	Short	Medium	Long
<p>SIDS Network of Kansas</p> <p>Partners (Local, Regional, State) -Black Nurses Association -National Association of Hispanic Nurses</p> <p>Location</p> <p>Exhibitors -County health department, WIC, Healthy Start -Local health provider -Insurance provider, e.g. Healthwave -Dentist</p> <p>Funding</p> <p>Resources for participants -Safety approved cribs -Wearable blankets -Pacifiers -Safe Sleep DVDs -Safe sleep magnets and SIDS brochures -Educational materials -Refreshments -Raffle prizes</p> <p>Volunteers -3+ to load cribs -Others to help plan, stuff packets, help with registration, refreshments, forms, and set up/tear down</p> <p>Materials -Safe Sleep for Babies Survey -Cribs for Kids Referral and Questionnaire Form -Cribs for Kids Hold Harmless Agreement</p> <p>Research and best practice</p>	<p>Partner with community members, agencies and coalitions that serve the same population</p> <p>Secure funding -Write grants to foundations and organizations that support disparity projects, maternal and child health, education, etc. -Contact local businesses for support purchasing resources and materials</p> <p>Promote the baby shower -Advertise via television, radio, newspapers, local zines, social media, and flyers/posters</p> <p>Organize event -Book exhibitors that provide safe sleep education, health insurance, and prenatal care -Organize event day itinerary and other relevant details</p> <p>Participants at the CBSSS watch a video on infant safe sleep, visit a booth for health insurance, and visit a booth for prenatal care.
